### **Old Business**

There are still some updates needed on the new web site. The minutes from previous years are not posted. There are a few boats in the data base that come up under the type of boat but not under the boat's name or owner's name and a few errors on boat dimensions. We will continue to work to improve this. Members should check there boat in the data base. If you see any errors on your boat please bring them to the attention of the PHRF Committee. Be sure your boat is listed under the boat name, the owner's name and the type of boat.

## New Business

In response to a request from Andrea Todaro, we discussed ways that we could help with HMR ratings. We would like to help and will continue to work on this.

To avoid confusion, we will include on our rating application a place for asymmetrical spinnaker only, symmetrical spinnaker only or both.

Posting of appeals on the web site was discussed. We will try to get the appeals posted far enough ahead that any member that wants to attend the meeting will be able to.

### **The ballot was finalized and will be mailed out immediately.**
