New Business:

Ratings:

1. J-105, Stinger: Bee Bednar asked for a rating for using a class spinnaker and a PHRF rated 155% headsail. After much discussion, the committee decided that unless a boat is in strict one design class configuration, its rating is determined according to the standard PHRF-GB Bylaws. The Bylaws do not give a credit for using sails smaller than those upon which the base PHRF-GB rating is based. Stinger was assigned the standard PHRF-GB rating for a J-105 of 78.
2. Jeanneau 45.2SD Josephine: Old base was 90 but it was determined that new base should be 114 to be more in alignment with the rating for the Jeanneau 45DS.

Discussion Items:

1. Code Zero Continuation: There has been some discussion about what a legal code zero is, and what it is not. Definition was given that midgirth has to be greater than 75% of foot and leech has to be less than 95% of

luff length. We reserve the right to inspect any Code Zero that we feel might be out of compliance.

Old Business:

1. ORC-Club Update: Currently we have no boats asking for ORC measurements and did discuss possible use in Harvest Moon this year.

Meeting adjourned at 8:35 pm.
